WILL FILE FIRST DEGREE CHARGE

PROSECUTING ATTORNEY TO ACT SOON IN GILMORE CASE.

HUSBAND SAYS HE WILL STAND BY WIFE

Mrs. Gilmore Takes Things Calmly—Eats and Sleeps, But Refuses to Talk—Shipps Funeral Today.

Prosecuting Attorney W. G. Sawyers announced today he would file a first degree murder charge against Mrs. Gilmore probably tomorrow. The preliminary will probably be held within a day or so after the information is filed and whether it will be waived by the defendant is not known. It was though likely today that the preliminary would not be waived by the defense, making the state produce their evidence.

Husband to Aid Her.

According to an interview Mr. Gilmore had with a represntative of the Kansas City Star, he said:

"I am heartbroken over it all. I shall do just what any man would do in similar circumstances—go to my wife and offer to help her. I couldn't see her today, but will tomorrow.

"We always got along all right. Since we left the farm and moved to Maryville, Clem was jealous at times, but I never thought it was serious. Then one day she asked me to live somewhere else. I went to my brother's, but my wife always did my washing. I ate there sometimes.

"Mrs. Shipps lived in one of my houses for a year, moving out last March. Our relations were only those of landlord and tenant."

Gilmore Called on His Wife.

Mr. Gilmore called on Mrs. Gilmore at the county jail this morning about 9 o'clock. They spent some time together. Mr. Gilmore would make no statement except that he intended to stay by his wife.

Mrs. Gilmore Very Calm.

Ever since the shooting Mrs. Gilmore has showed no signs of nervousness and seemed coolly unconcerned. She hasn't said anything relative to the shooting, at least for publication. According to Sheriff Ed Wallace, Mrs. Gilmore slept well last night, her first night in the county jail.

According to witnesses who saw Mrs. Gilmore shoot Mrs. Shipps, they understood Mrs. Gilmore to say after the shooting, "She won't bother any more homes."

What Will the Defense Be?

Shinabargar, Blagg & Ellison, attorneys for Mrs. Gilmore, would not say today what the defense will be. Many are of the opinion that it will be emotional insanity and the unwritten law.

HOLD CANDLE DAY

JUDGE AND MRS. W. W. RAMSAY TAKE PART IN EVENT.

FORMERLY OF MARYVILLE

Celebration Result of Plan to Restore Old Mission at San Fernando—Money Raised.

A magnificent celebration, known as "Candle Day," took place Sunday, August 6, at the Mission of San Fernando Rey de Espana, near Los Angeles, Cal., the description of which will be of interest to Maryville folk for especial reason that Mrs. W. W. Ramsay, a former resident, was one of the leading spirits in the observance.

Judge Ramsay and his wife left Maryville several years ago and have made their home since at Glendale, Cal., one of the suburbs of Los Angeles.

The San Fernando mission was built in 1797, under the guidance of Father Crespi, and remained in the possession of this priest and his successors until 1837, when the disestablishment of the California missions scattered the Indians and took from the padres their possessions. The San Fernando mission was California's largest and richest mission. The intervening years brought ruin to the building and to the altars and mural decorations.

"Candle Day" was the result of a plan started by the people of southern California, through the Landmarks club to raise the money to restore the old mission to its former greatness and to protect it from further decay.

In the way of a spectacle, it was said by those witnessing the event, that nothing at any time could rival the brilliancy of the 5,000 candles burning at one time in the vesper shadows of the ruined mission.

Mass was celebrated, which was attended by more than 5,000 people. Prominent women from all adjacent towns acted as patronesses of the day and $5,500 was raised for the restoration of the building.

INQUEST WAS HELD

CORONER'S JURY HEARS STORIES OF EYE-WITNESSES.

ARRIVE AT A VERDICT

Find That Dead Woman Came to Death by Gunshot Wounds Inflicted by Mrs. Gilmore.

Coroner's Verdict.

"We, the jury, find the deceased, Mrs. Ella Shipps, came to her death about 8 o'clock a. m., Aug. 16, in the city of Maryville, from gunshot wounds inflicted by Mrs. Q. A. Gilmore.

"J. A. FORD, Foreman."

The foregoing was brought in by the coroner's jury at the inquest held this morning in the circuit court room. The jury was composed of John Vert, Jim Andy Ford, G. B. Holmes, W. O. Garrett, Charles J. Eckert and J. M. Evans.

The inquest was held by Coroner Will Wallis, Jr., and the examining of the witnesses was done by Prosecuting Attorney W. G. Sawyers. Shinabargar, Blagg & Ellison, attorneys for Mrs. Gilmore, were in attendance at the inquest, but took no part in it.

Glenn ("Tuffy") Reece was the first witness on the stand. He saw the shooting. He testified that he was in the baggage room at the Burlington station when Mrs. Shipps came up to check her baggage for Kansas City. Mrs. Shipps was facing north and did not see Mrs. Gilmore coming [illegible] from behind. Four [illegible] Mrs. Gilmore. Mrs. Shipps had no weapon. As soon as the shooting began, Mr. Reece said he tried to get out of the way.

Mark Dalrymple, who checked Mrs. Shipps' baggage, was the next witness. He saw Mrs. Gilmore approach Mrs. Shipps, come up close to her and opened fire on her. The only thing uttered by Mrs. Shipps after being shot, Dalrymple said, was, "My God, I am shot." Mrs. Shipps, after being shot twice in the back, turned around and received two more shots, one in the arm and one over the heart. She staggered ten feet from the baggage window and was caught by Agent W. E. Goforth of the Burlington and another man Dalrymple didn't know.

Bert Mack, deputy sheriff, told of Mrs. Gilmore giving herself up. Mrs. Gilmore said to Mr. Mack: "I want to give myself up. I killed Mrs. Shipps." Mr. Mack took her to the county jail and found a 32-caliber revolver in her hand bag, four empty shells and one loaded shell.

Tom Gile, bus driver for the Kelley Bus company also saw the shooting and told about the same story as the other witnesses. He said that he had not brought Mrs. Shipps to the station, and that she was there standing on the platform when he arrived.

BRYAN TO LEAVE NEBRASKA?

Ex-Secretary May Seek a Senatorship in North Carolina.

Washington, Aug. 16.—William Jennings Bryan is to leave Nebraska finally after the elections this November to move to his home at Asheville, N. C., and re-enter politics in that state with the idea of being elected to the United States senate. This report was brought to Washington today by a Nebraskan, who claims personal knowledge of the plans of Mr. Bryan. It caused something of a flurry among North Carolina politicians here, because they have no senatorship to hand over to him, without displacement of a favorite son.

Since his defeat last spring for delegate-at-large to the Democratic national convention Mr. Bryan has been considering the advisability of quitting Nebraska for new fields.

FEDS FIRST LOSERS

HOME TEAM PROTESTS 2-1 SCORE WITH IMPERIALS.

LOCAL BOYS LACKED PEP

Sunday's Game Will Probably Be Fastest Semi-Pro Event of Season—Collins Makes Climb.

The Feds lost a hard fought game to the Imperials of Council Bluffs yesterday in the tournament at Shenandoah by the score of 2-1. But the game was protested by Dick Wray in the fourth inning. The play and decision upon which the protest is based is as follows:

In the Feds' half of the fourth, with one down, Walker singled. Scott, the next batter, singled after one ball was called on him. Walker went to second. After the ball was recovered it was thrown to first base and Walker was called out, the umpire claiming that he did not touch first. This decision was made after the ball had been in play for several minutes. Stewart, next hitter, also singled and Walker would probably have scored had he been on second. The score was 2-0 in favor of the Imperials at the time. The protest will be taken up by a committee, which will decide what will be done.

The Iowans scored two in the third on an error and two hits. The Feds' only tally came in the sixth when Collins, after [illegible] Aug. stole second and third, and finding no other way to score, made a clean steal of home.

Feds Lacked Punch.

The Feds yesterday lacked the punch in the pinches, having two other good chances to score. Miller, first batter of the game, walked, but was caught napping at first. Tilson reached second on an error. Cowell hit to the pitcher and Scott struck out. Scott tripled in the eighth with two down, but Stewart ended the game with a roller to pitcher.

The second game between Shenandoah and Red Oak went to Shenandoah 10-5. One game was played Tuesday, the Imperials winning from Red Oak 8-5. Today the Feds are doped to win from Red Oak, and Shenandoah and the Imperials will battle. Tomorrow only one game will be played. The Feds will play Shenandoah.

In the fourth Thieman struck out the side without a called strike from the umpire. Each batter took healthy swings.

Collins Tries Climb.

Maynard Collins, the boy who climbed the court house a few days ago, climbed in Shenandoah yesterday. He is with C. G. Cook, photographer for Ralph Marcell, who is filming several fairs during August and September. Collins went almost to the top of a three-story building but could not make it over the ledge at the top.

Sunday the Feds will play the Lincoln Cleaners of Lincoln, Neb. It is probably the fastest semi-pro team in Nebraska, having defeated all the Omaha teams. They have played the Lincoln Western league team twice and lost 5-3 and 8-5.

The president is to meet 604 railway brotherhood representatives at 3 o'clock this afternoon. The men are willing to arbitrate some questions under certain conditions but are unwilling to arbitrate others.

The answer from the railway presidents arrived at the White House this afternoon.

TO FORM A BUREAU

COMMERCIAL CLUB WOULD AID EMPLOYERS GET HELP

IS FOR WORKERS ALSO

Persons Wishing to Use Service Should File Information With the Secretary.

Are you looking for a job? Are you looking for help? If either of these propositions is staring you in the face you will not have to worry about finding someone hire you or someone to help you, for the Commercial Club has decided to establish a "get-together" department, which will enable the employer and the employed to meet and make bargains.

The Board of Directors of the Maryville Commercial Club has decided to establish a free employment bureau as a feature of the Club work. The action was taken to meet a need for a centrally located place which might serve as a clearing house through which employers and persons in search of employment might get together and adjust their wants.

It will be the aim of the bureau to keep on file in the Commercial Club office, detailed information regarding persons in need of help and those in search of employment. Information will be furnished amsolutely free of charge and any one in the community will be at liberty to take advantage of this service.

Persons in need of help should file with the secretary of the club at the Commercial Club office full details as to the nature of the work, whether the position is permanent or temporary, how long the work will last, and the rate of pay. The full address of the employers should also be given, together with the telephone number.

Persons in search of work should file at the club their full name and address, also their telephone number. Besides, they must say the kind of work for which they are searching, the extent of their experience and the amount of wages they expect.

It is believed that this service will be of real value to the community. In order that it may be effective, however, it will be necessary for both employers and persons seeking work to furnish information promptly.

THE BERLIN CENSUS.

For a second time during the great war Berlin has published the results of its annual census. The tendencies which were noted a year ago have continued and the population of Greater Britain is now about 400,000 smaller than it was in 1914. The reduction is all in men, who must be for the most part at the front or in their graves. The number of births in Berlin in May was 1,966, which is only a little more than half of the number of births in May, 1914, a fact which shows strikingly how the war cuts both ways. Machine guns, shells and shrapnel are cutting down the flower of German youth at the front, while at home the natural rate of increase is halved. A recent writer has pointed out that the marriage of young men immediately after the war will tend to keep the government and commerce of Germany in the hands of elderly men, with a consequent probability that Germany's course will tend to conservatism. In the decade from 1956 to 1966, when the German babies of the last two years will be in their prime, there will also be an abnormality in the ages of those who control German affairs.—St. Louis Republic.

IF TRUTH IS TOLD

RELEASING ALL FACTS IN NEWS. PAPER NOT PLEASANT.

Indian Editor Gets Tired of Concealing Things and Essays to Tell All What He Wants.

It is not always pleasant and profitable to tell the truth in the columns of a newspaper. Men who have tried this heretofore have always come to grief. Only a few days ago the editor of a paper in Indiana grew tired of being called a liar, and announced that he would tell the truth in the future; and the next issue of the paper contained the following items:

"John Bonin, the laziest merchant in town, made a trip to Belleville yesterday.

"John Coyle, our grocer man, is doing a poor business. His store is dirty and dusty. How can he do much?

"Dave Sonkey died at his home in this place. The doctor gave it out as heart failure. Whisky killed him.

"Rev. Sityz preached last Sunday on 'Charity.' The sermon was punk.

"Married—Last Saturday Miss Sylvan Rhoades and James Conlin at the Baptist parsonage. The bride is a very ordinary town girl who doesn't know any more about cooking than a jack rabbit, and never helped her mother three days in her life. She is not a beauty by any means, and has a gait like a duck. The groom's an up-to-date loafer. He has been living off the old folks at home all his life, and is not worth shucks. It will be a hard life.

"Died—Aged 56 years, 6 months and 13 days. Deceased was a mild mannered pirate with a mouth for whisky. He came here in the night with another man's wife and joined church at the first chance. He owes us several dollars for the paper, a large meat bill, and you could hear him pray six blocks. He died singing 'Jesus Paid It All,' and we think he is right; he never paid anything himself. He was buried in an asbestos casket and his many friends threw palm leaf fans in his grave, as he may need them. His tombstone will be a favorite resting place for hoot owls."—Hopkins Journal.

Preliminary Was Waived.

The preliminary hearing of Melvin Matthews, arrested on a charge of forgery, was waived this morning in Justice Johnson's court. Matthews was unable to give bail and was bound over to the September term of circuit court.

The county text book commission will make no changes in the school text books for this year, according to County Superintendent Bert Cooper, who is a member of the commission.

A letter from Rev. McNamee, pastor of the First Methodist church, who has been away on his annual vacation, states that he and his wife expect to return home Friday of this week, and that the regular services at his church will be resumed next Sunday, the pastor preaching both morning and evening, and the Sunday school session at 9:45.

In the letter, Rev. McNamee says: "We have met hosts of old-time friends and have enjoyed every minute of our vacation, but will be delighted to get back to Hopkins and settle down to work again."—Hopkins Journal.

WRITERS WORSHIP HIM

Tell "Bill" Farnum of their Troubles and Ask His Advice on Various Matters.

William Farnum, star of the William Fox production, "A Man of Sorrow," is one of the few male photoplay stars deluged with letters from women admirers. There are numerous women stars, such as Theda Bara, Virginia Pearson and Genevieve Hamper, who receive countless letters from men admirers, but few male stars are favored with missives from admirers of the opposite sex. Mr. Farnum is one of the few and favored.

Mr. Farnum, who is unmarried, treats the names of all of his correspondents with the utmost secrecy. In view of this fact, he experiences no pangs of conscience in making public certain of the missives received by him. Here are excerpts from a few of the letters which he received in one day's mail:

"Will you please send me a lock of your hair and a little tiny piece of the tie you wore in 'The Broken Law?' I should cherish them both very much."

"My husband, the old grum, groaned and growled to breakfast this morning about he hadn't et something good for a month and I told him as how I wished I'd married you, you grand noble hulk cause I told him I knowed you wouldn't find fault with nothing what I done and * * * he got sore and swore."

"You remind me of a huge, slow-moving, easy-going bear. Every time I see you hug a girl on the screen it reminds me of a bear's hug. I like bears."

Mr. Farnum answers none of the letters.

PAPER CRISIS IN OCT.

NO SUBSTITUTE FOR WOOD PULP HAS YET BEEN FOUND.

News Print Situation Comes to a Head When Contracts Come Up—No Substitute for Pulp.

Special to The Democrat-Forum.

Washington, Aug. 16.—The crisis in the news print paper situation which already has cut down newspaper prof-ts enormously will not be reached till late October, when contracts come up for renewal, according to reports received from many sources by the federal trade commission. The presidential election, together with the European war, is expected to have been an already unparalleled situation news print which manufacturers tell the trade commission they will hardly be able to meet. This year for the first time they have not been able to lay up a large reserve during the summer.

The trade commission's reports on its investigation of news print prices, it was announced today, will be published not later than Oct. 1, regardless of whether congress still is in session Probably a brief extract will be given out two weeks beforehand summarizing the findings. As yet the mass of material has not been sufficiently digested for officials to indicate definitely its trend.

The great question in deciding whether there has been collusion among the manufacturers to boost prices unduly is said to be whether the increased demand for paper has been entirely disproportionate to the increased production. Manufacturers claim that publishers are using 20 per cent more paper than ever before. Consumption figures presented to the commission, however, vary widely. G. F. Steele, secretary of the Newsprint Manufacturers Association, has estimated that figures of June show "the largest daily production of newsprint ever recorded."

Shipments, he declared, represented 99 per cent of the production.

None of the substitutes for pulp recently suggested is commercially feasible, according to officials of the various bureaus interested. Cotton stalks, most frequently mentioned, would be prohibitively expensive to collect, they say. The same situation holds for corn stalks, broom corn, rice straw and flax. As yet the experiments have not passed the laboratory stage and so far as is known no commercial use of the discoveries is contemplated anywhere.

BELIEVES IN EARLY RISING

J. W. Tippie, East of Hopkins, 76 Years Old, Never Allows the Sun to Find Him in Bed.

J. W. Tippie, who resides about eight miles east of Hopkins, was in town at 5 o'clock last Monday morning, and when it is known that he is 76 years of age, the incident will assume proportions to make it of general interest. Mr. Tippie had business at Maryville, so he arose at 1 o'clock, harnessed up old Dobyn and leisurely wended his way to this city, where he boarded the 7:20 passenger train for the county seat, arriving here just two hours and twenty minutes before train time.

Mr. Tippie says when he first began farming in this country, more than fifty years ago, his timber was about three miles from where he lived and that he invariably hauled his wood after night so as to lose no time on his farm during the day. If the moon was shining in the fore part of the night, he did the hauling at this time or if it did not shine until the latter part of the night, he got up at that time to haul. And up until this time, no matter how late the hour may be when he retires, he never allows the sun to find him in bed. He is still able to do considerable work on the farm and is helping with the new house that is now being built on his place—Hopkins Journal.

A TWICE TOLD TALE.

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel safe in doing so. Mrs. Martha Partridge, 901 E. Fourth street, Maryville, says: "I suffered from kidney and bladder complaint. My suffering was intense and I was weak and languid. I used Doan's Kidney Pills and received good relief." (Statement given December 13, 1911.)

A Later Endorsement.

On June 12, 1916, Mrs. Partridge said: "I use Doan's Kidney Pills whenever I am in need of such a medicine and they always give me benefit. I have no hesitation in recommending them."

AMERICANS CROSS OCEAN

Crowd of Prosperous U. S. Citizens in London Imposes Strain on Home Embassy—Feww Passports.

London, Aug. 17.—The crowd of prosperous American citizens calling daily just now at the American embassy and imposing a strain upon the official staff of Ambassador Page shows that the war no longer prevents Americans crossing the Atlantic for a holiday.

Very few of them, however, are granted passports to visit the Continent, for Switzerland has to be approached through France, and Paris has no time to entertain visitors. Consequently Americans are spending their holidays in England.

There is one former class of American visitors, however, not now anywhere in evidence. These are the clever international crooks reared in American cities. These undesirables are well informed as to the severe and thorough regulations enforced at the ports of landing, and they know that they have little hope of getting through.

Mr. and Mrs. J. H. Wade and two children of Kansas City, and Mrs. Geo. Custer, also of Kansas City, are the house guests of Mr. and Mrs. Charles Gaugh.

THEY ARE GOOD FIGHTERS

All the World Acknowledges Magnificent Spirit Displayed by Canadians —Here is Their Record.

Special to The Democrat-Forum.

London, Aug. 16.—All the world acknowledges the magnificent fighting spirit displayed by the Canadians in the great war. Their record at Ypres, Loos, Neuve Chapelle in the early stages of the fighting on the western front and what they have done later has added a gloring page to their history.

"Up to June last we had enlisted 334,293 men, every one of them determined to see the war through to a finish," said N. W. Rowell, K. C., a prominent Canadian politician, here today.

"Our financial position today is stronger than anyone believed possible after the heavy war expenditure we have had to bear. The result is that confidence in Canadian securities is so great that we are finding a ready market for them in America. What's more, last year's magnificent harvest helped things along finely, although recruiting is hitting our farmers in regard to cheap labor, as elsewhere.

"Then, again, our domestic war loan for fifty million dollars was subscribed twice over, while for the year ending last April the public deposits in the banks increased by $117,000,000. Finally, let me say that Canada is ready to face all industrial and financial problems which are bound to follow the war and to assure her prosperity in the future."

PEAS ARE LIKE MARBLES

Vegetable Grown on Ranch in Colorado Largest Ever Seen in Vegetable World.

Denver, Colo., Aug. 17.—Peas as large as some marbles, in pods half a foot long and bigger around than your thumb, have been developed by J. W. Price on his mountain ranch at Shawnee, up the South Platte from Denver, and at an altitude of 8,125 feet. Nothing like it for size was ever before seen in the vegetable world.

The peas are as luscious as you please. The seed originally came from England, but the Burbanking process which developed them into monsters was a simple one of replanting year after year in the same field and at the same altitude and letting nature do the rest.

THE BODY NEEDS WATER

FROM THREE TO FOUR PINTS NEEDED DAILY BY MAN.

Should Not Be Used to Wash Down Foods, Because It is Conducive to Over-Eating.

Water is not usually considered a food. Nevertheless, according to Dr. M. P. Ravenel of the department of preventive medicine of the University of Missouri, it plays a large part in our economy and is necessary to the body. The elasticity and pliability of muscles, cartilages and bones are due in large part to the water they contain.

The amount of water required by a healthy man every twenty-four hours is between 3 1-2 and 4 1-2 pints in addition to what we take in with our solid foods, making in all about 5 to 5 1-2 pints a day. In summer this amount must be increased. Every one should drink an abundance of cool, but not too cold, water during the heated term.

Water increases nutrition, and, consequently, water drinking will make one fat. There is no objection to drinking water in abundance during meals, [illegible] is normal. [illegible] unparalleled [illegible] Water, however, should not be used to wash down partially chewed foods, as in this way over-eating is reached before the person knows it.

Use of so-called medical waters is not as a rule to be advocated, at least not for their medical value. The good effect obtained in the majority of instances is due to the amount of water consumed, and not to the water's supposed medical contents. Carborated water mixed with syrups, such as are sold at soda fountains, are not objectionable if taken in moderate amounts, and if the flavoring extracts are made of good material. Drinking too much soda water causes fattening and not infrequently causes indigestion.

Cool water can be taken during the summer months by people of all ages without injury. Especially should mothers remember that babies and young children suffer form thirst just as adults do, and should be supplied with an abundance of cool, pure water.

Escapes Punishment When a Boy, Returns as a Man to Take Punishment—Even Brings "Stick."

Special to The Democrat-Forum.

Milledgeville, Ga., Aug. 18.—In a Milledgeville street a tall portly gentleman came up to Professor O. M. Cone, teacher of mathematics in the Georgia Military college. The stranger carried a long hickory switch in his hand. He asked if this were Professor Cone, and being answered in the affirmative, said:

"My name, sir, is John Lehman. Forty years ago when you were [illegible] I [illegible] teaching in the old field school at Island Creek, in Hancock county, my parents, then living in Florida, sent me up to your school. One day you decided a good whipping was just what I needed to set me right, and you sent me out to get the switch. You may remember, sir, that I never came back. I saw my chance to escape, and I ran away. This is the first time I have seen you since that day. But I have never felt right about the way I did, and I have come back now all the way from my home in Brunswick to take my whipping. Here is the switch."

Of course, Professor Cone agreed in the circumstances to let bygones be bygones, and he and his former pupil shook hands and had a good laugh together.

BURIED BY FRIENDS

No Ceremonies at the Burial of Joseph Jarar, Famous Clown.

Memphis, Tenn., Aug. 17.—"Buried by friends. Gone, but not forgotten." This inscription scrawled on a piece of pasteboard, tacked on a "stick which is stuck into the soft earth of a new made mound," marks the grave of Joseph Jarar, former member of the clown troupe of a great circus. Jarar, the man who had made thousands laugh, died in Memphis. John Milton, his "pal," who stuck with him until the end, walked the streets of Memphis soliciting money until he secured enough to save the remains from potter's field.

The body was laid away in a grave in the Raleigh cemetery. Only the pall bearers and John Milton were at the funeral. There were no ceremonies. After the earth had closed over the remains of his friend, Milton wrote the brief inscription on a piece of pasteboard, stuck it on the grave and departed with tear dimmed eyes. Jarar is said to have lived in his youth at Lowell, Mass.
